

# LOGIN PAGE

## Step-1: Enter e-mail ID

PNT2022TMID29636

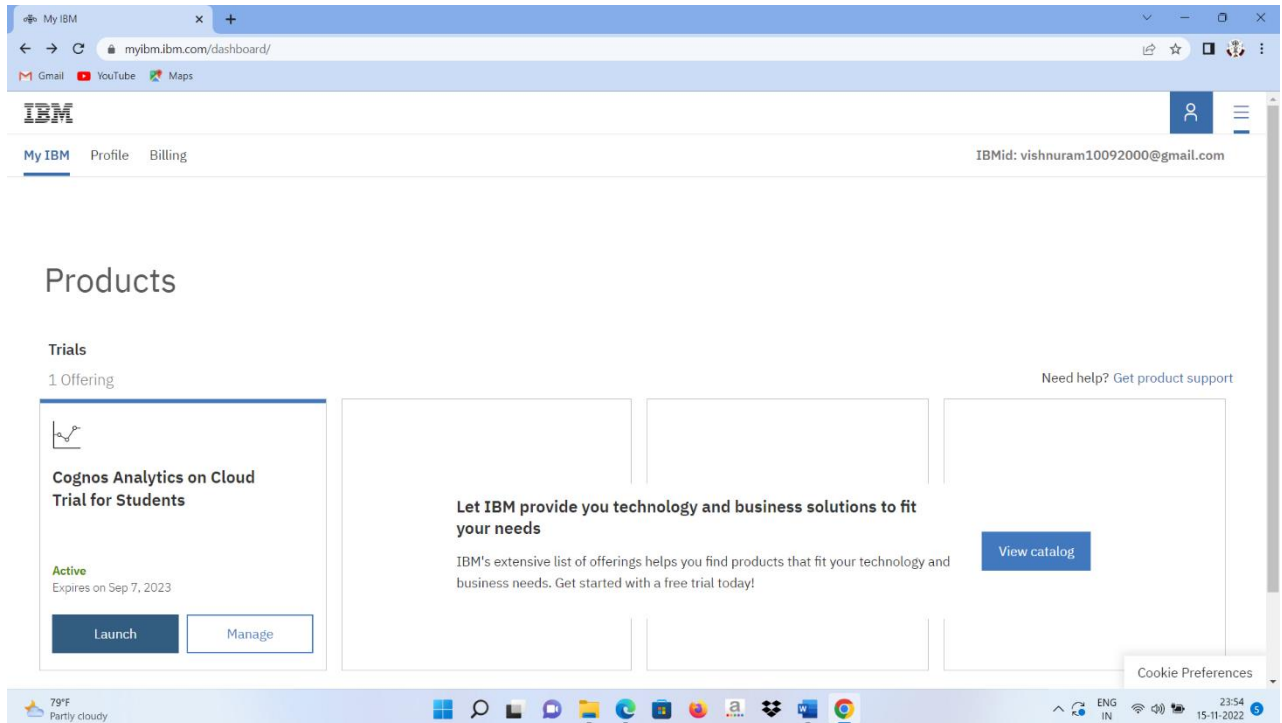

The screenshot shows a web browser window with the URL `login.ibm.com/authsvc/mtfimy/sps/authsvc?PolicyId=um:ibm:security:authentication:asf:basicdapuser&Target=https%3A%2F%2Flogin.ibm.com%2Foidc%2Fendpoint%2Fdefault%2Fauthorize...`. The page features the IBM logo at the top left. The main content area is titled "Log in to IBM" and contains a form for entering the IBM ID. The email address `vishnuram10092000@gmail.com` is entered in the "IBMID" field. Below the field is a "Remember me" checkbox, which is checked. A blue "Continue" button is positioned below the form. At the bottom of the form, there are links for "Don't have an account? Create an IBMID" and "Need help? Contact the IBMID help desk". A Google account dropdown menu is open on the right side of the browser window, showing the profile of "Person 1" (Ram Kumar S) and options to sync, manage the account, or add other profiles. The footer of the page includes links for "Contact", "Privacy", "Terms of use", "Accessibility", and "Cookie preferences", along with a "Powered by IBM Security Verify" badge. The system tray at the bottom shows a weather widget for 79°F, various application icons, and system status indicators for language (English), network, and time (23:52 on 15-11-2022).

## Step-2: Enter Password

This screenshot shows the same IBM login page as the previous one, but at the password entry stage. The "Log in to IBM" heading is followed by the text "Logging in as vishnuram10092000@gmail.com Not you?". The "Password" field is now active, with the text masked by dots. A "Forgot password?" link is located to the right of the password field. The "Remember me" checkbox remains checked. A blue "Log in" button is positioned below the password field. The same footer and system tray elements are visible at the bottom of the page.
